The king and the queen are walking down now.
Excuse me
Don't just stand there Follow me

The prom se I've repeatedly made to myself !

And

No one acknowledged the wedding nor would they support. Our lonely wedding.
And those who I had to f ght to make the marr age legal

www.janimes.com

We are walking

With my br de

There has been only one person
on my s de n th s large castle
And there has been only

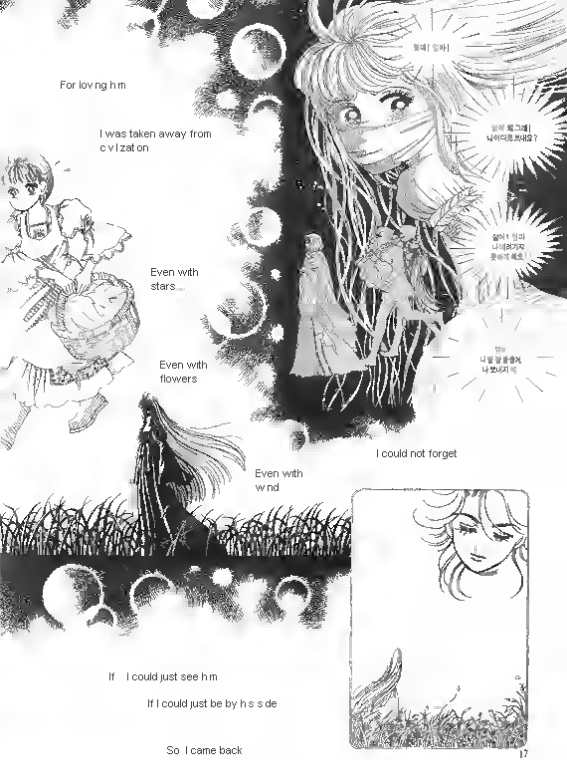
There has been only one
who cleaned my tears
calmed my sadness
The only one
The one r ght next to me r ght now



For lov ng h m
I was taken away from c v l zat on
Even wth stars ...
Even wth flowers
Even wth w nd
I could not forget
If I could just see h m
If I could just be by h s s de
So I came back

To love this very person . . .
To be happy with this very person ....
It s just too hard
And it s just too uncomfort-ng

I suppose the parade is going to be soon.
That's why so many people are waiting here. I heard they are going to throw away a lot of gold coins.
Everyone has been waiting here for a long time.
Hmmph – like this is going to make me to approave her.

Didn't you see? The Vaida attacked the prime minister's group in middle of city
Right, they were only heading to the church.
Isn't making miss Barder miserable enough? Why is the king trying to suppress the prime minister ?
The prime minister is not going to just sit and do nothing.
Hmm, that said... Maybe, the parade will get messy.
Maybe, the Barder will throw rocks at them.
Well I say do it
Cons der ng the shame he put on m ss Barder it s noth ng really

I am sure. I've seen him many times visiting my mother As far as I know, he does nothing but hanging around with ladies.
I w ll do that
If you capture him and ask him questions, perhaps, you will find something.

What should I do ?
Let s just go

Anyway, have you already finished patrolling ?
Not yet -
I had something to do. I am going now.
I am going with you
It's too dangerous
탁
This is the list of nobles who weren't at the wedding
They've stood against me
Wherever I am danger will always be there
There's no other choice but to fight

The reason I ve stayed n the castle was not because I was afra d of de
My death would resuit havoc for Ram ra
But it has already begun
I cannot just sit here and watch
I am not go ng to be those coward k ngs who were afra d of death

Why are you in such an outfit in a place like this ?
No one will bother me
How long are you going to sit here if I didn't come ?
You even have a carriage of the Barder parked outside
Nothing good will be resulted if we are seen together
There isn't time
I just came back from the castle
Let's go outside I will be by the bridge

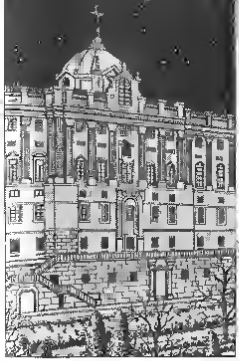
Is it that surprising ?
that I am going to Anatoria to become King Tor's mistress?
Why ?
Didn't you hate the king Byon and B ?
I am not doing this for them.
Then ?
I need real knowledge of Anatoria, not those filtered and biased knowledge in books.
So, I was wating for you.

Where have you been ?

I went out for some fresh a r

Say what ?
I am sorry f I worr ed you I won't do it agan
Do you have any dea how dangerous t s outs de ? You d dn't even bring escorts
The port s so scary that I can't even go there anymore I can't go on a trp when t s ke th s
You are go ng on a trip ?
I think I need to go to Anatorja once.
Didn't you say you'd never go back to Anatoria?
Someth ng came up

Why are you try ng to go back ?
Since we dec ded to l ve here
I don't th nk th s country w ll be safe enough
Yes ?
We may have to escape to a 3rd country
And for that purpose I need to go back to Anator a for someth ng
I am go ng to settle down n Ramra
Haven't you just heard me ?!
I sa d th s country w ll not be safe enough



How long are you going to act like a disabled person?
You acting like this won't change anything
When are you going to announce that Sibel is your legitimate heir?

What announcement?
You promised
I said I would acknowledge him as the heir I never said I would let everyone know that he is the heir
Haven't you -
ever thought that your child may be the heir ?

www.jannes.com

I will never bear your child
You will have to
If you become pregnant and get rid of the baby.. you and Sibel will both be executed

I had no idea that a party would be hosted expecially when the majesty and his mistress are not getting along.
Eh, it didn't seem to be like an arranged marriage. There's no reason that they wouldn't be getting along.
No it's true. No one has seen them smile at each other.
Not only that they barely talk to each other.
The majesty and his mistress are here.

What...
They are smiling
They look so happy
I've never seen the majesty smile like that
Perhaps we will have the long awaited queen in near future
Oh my
That would make lady Hagas post on awkward
Hoho
her time may well be over
Maybe, she will be removed from the castle

프린세스 Princess

Well the king s s ster acted like the queen
Now that he has an official mistress. Isn't the mistress should act like the queen?
I heard that lady Ha ga was the one who has been supporting her It s certa nly awkward now
Not long ago she was noth ng to lady Ha ga Now she is h gher than her How sad ho ho
Now that you mention her, I haven't seen her at the party.
Maybe she d dn't want to come

If you had eyes on your back you would have seen me Lady Kato wasn't it ?

I I I am terr bly sorry

No problem

Today is a day to celebrate.
I want everyone to enjoy this party.
Majesty and m lady

Due to m lady s health ssues I feel sad that I haven't been able to host such a party l ke th s
Thankfully I see that you are host ng a party I cannot thank you enough majesty
I've prepared little presents for th s occas on
Please do not refuse the g fts

of us..I wonder?

Ma'am !
You no longer need to call me the way it used to be.
These are for you So please accept it
I will accept gladly
Thank you

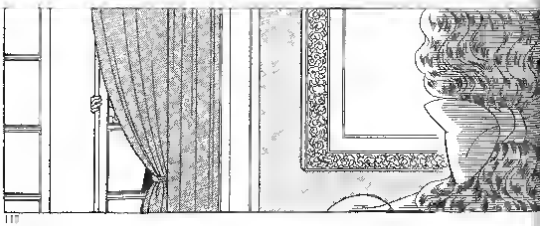
What is this ?
She didn't look unpleasant
She rather looked like she was getting along well with the mistress
A woman she was looking after became an official mistress
Perhaps this will give her more powers?
I thought she would be leaving the castle soon But I guess not
I thought I would have to flatter the new lady Now I think I have to flatter to those two

When did you prepare those presents ?

It was noth ng

I can't seem to understand what s in your head
I don't suppose you felt good about lower ng yourself to Lala?

I am not go ng to leave here just yet
She can't handle those little witches alone yet



You've come Se
I thought you were not coming
I've come because I respect your desire to prevent a war for Ramra
More like you don't want a war because of Bit?
Don't look at me like that I am just saying
I couldn't help it it looks like I've grown a bad habit
I will stop being a bitch I promise

A fact is that it is me who's hurt by my own tongue
Listen to what I am about to say.
I am telling you this only because you want to know although I don't see any need for this for you
I don't have any plans
I just don't want to jump into danger without any knowledge
You will have to promise me before I can tell you
You will tell no one what I am going to tell you especially if you do happen to go to Anatoria

I promise.
Especially not to Skadel Tor !
Is there any reason behind that ?
You just promise!
Fine
First of all I will draw a detailed layout of the royal castle

www.janimes.com

I suggest you memorize hidden routes because you won't be able to carry this map all the time.
And now I am going to tell you about major castles in the capital of Anatoria
What ?

Who are you really ?

How do you know all th s ?

I only told you to tell me as much as you know because I had no dea you knew th s much
About the Mon ca castle
What were you n Anator a ?
And what s your relat onsh p with B ? How d d you know Bl ?
Th s castle was prev ously owned by lord Mon ca
Se
Why aren't you go ng back to Anator a ?
Don't you have a fam ly n Anator a ? Are they on run ?

It seems you don't want to listen. So, I am leaving now.
I am sorry
I will listen
I am an orphan and I have no intent on to go back to Anatora

The family Monica fell and their lastname was handed over to madam Greten and the castle was sold to lord Tor.
Not only that the last member of Mon ca lady Mon ca was also handed over to lord Tor They marr ed
So for Skade Tor castle Mon ca s h s home and also h s mother s
About h dden routes of the castle

60 sh ps are on sea
They were caught by general Galron s eyes
Where are they ?
They are near Ra a sea
That s about half way

How many mercenaries are there under general Galron?
About five thousand
Other mercenaries must have gone to Anatora also
A lot of them fell under the Barder as well
A pincer attack he must be planning

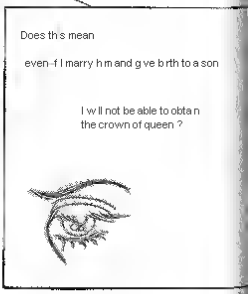
The m stress..
who has become
h s m stress?
Accord ng to
ther off c al statement
she s from Mon ca
fam ly
But as far as I know
Mon ca was f n shed
after Olv a who was
Skade Tor s mother
Therefore..
there s no way
that a new person
from Mon ca
appears

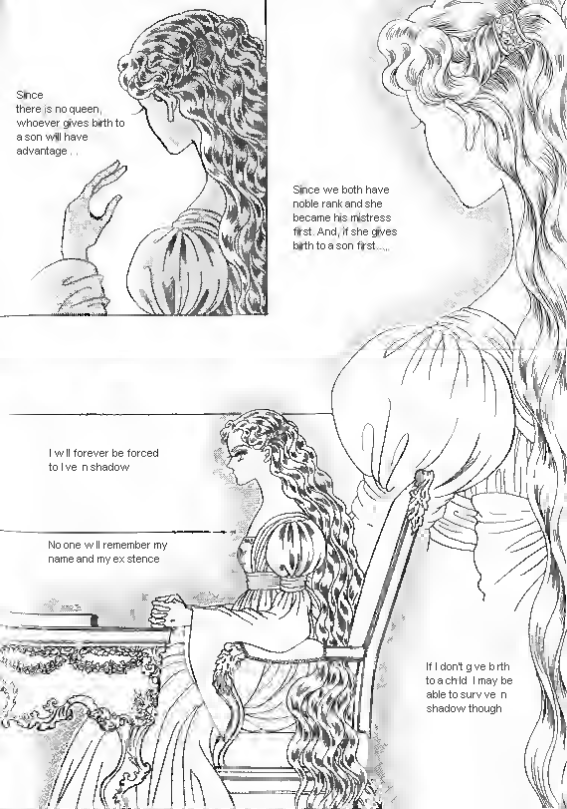
I don't know why he would give her his mother's maiden name and marry her.
Maybe he wants to restore his mother's family once again
that bastard
Anyway you don't need to be concerned about it anymore
Byron wouldn't probably send you either
What if Skade Tor still wants me as his mistress?
Unless we are talking about you being the queen there is no deal
A king can have as many mistresses as he wants

He demanded me to be sent as his mistress
And then he married another mistress ? For what purpose ?

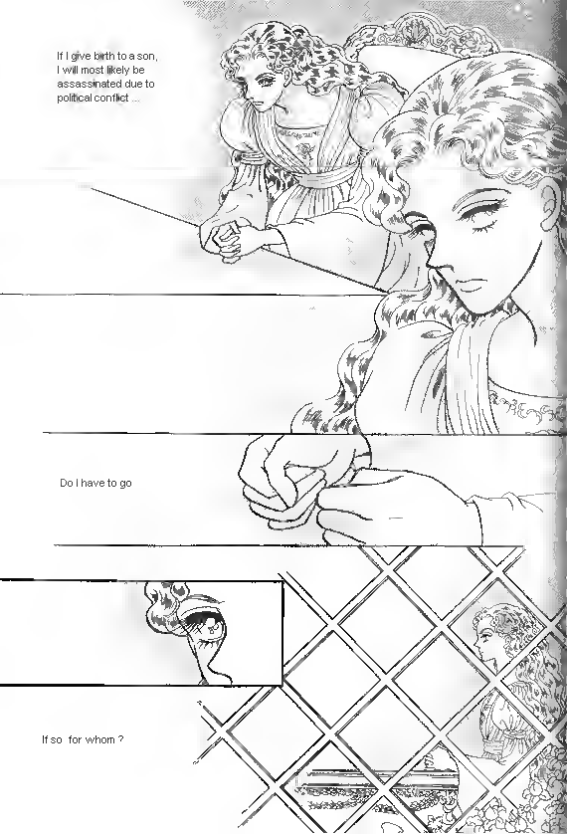
Not only that, he even gave her the name, Monica, which was once the most powerful family in Anatoria.



Does this mean
even if I marry him and give birth to a son
I will not be able to obtain the crown of queen ?



Since there is no queen, whoever gives birth to a son will have advantage...
Since we both have noble rank and she became his mistress first. And, if she gives birth to a son first....
I will forever be forced to live in shadow
No one will remember my name and my existence
If I don't give birth to a child I may be able to survive in shadow though



If I give birth to a son,
I will most likely be
assassinated due to
political conflict ...
Do I have to go
If so for whom ?

Of course
Besides we can't just sit there and do nothing when Anatora makes their moves
Now that they are paying for the cost we have no reason to refuse

For this day, general Galron has been training mercenaries.
Let's see if he is really good.
